

Redcliffe Explosives Storage Facility North West & South West England

We have two explosives storage facilities based in the west of England. One in the north west & another in the south west.

Storage

- Net explosive capacity—350 Tonnes class 1.1, 600 Tonnes Class 1.3 1,000 Tonnes Class 1.4
- There is in excess of 2,500 metres explosives storage floor space
- Maximum unplanned lifts would be circa 200 x 200 x 170 cms—G.W. 2,000Kgs
- Larger planned lifts could possibly be accommodated
- Explosive category C fork trucks are provided
- Both sites are licensed to hold section 5 restricted materials
- Northwest England also offers humidity controlled storage
- If you were to add Faldingworth the total NEC limits would be 507 Tonnes 1.1 & 1.2, 1,189 Tonnes 1.3 & 2,680 Tonnes 1.4, I do not know the total floor space

In Summary

- Explosives storage
- HSE Licensed
- Class 1.1 & Section 5
- Approved by Police and Counter-Terrorism depts
- Fully alarmed and secure
- Detonator store

Transport

- 4 x EXIII Articulated Vehicles
- 1 x EXII Rigid Vehicle
- 1 x EXII Rigid Vehicle
- 7 x EXII Panel Vans
- 2 x EXII 4 x 4 Vehicle for Road/Range/Site/Recovery

Security approved

All drivers and staff are explosive trained, most are MOD security cleared to SC. All vehicles are tracked online. Some vehicles are bespoke built to provide loading options in solid sided vehicles, suitable to missiles and rocket motors etc.
